Sport	Safety gym	We are a Gymnastics Club, we belong to TJ Sokol F-M. Due to the great interest in our gymnastics, we were forced to look for new training facilities to meet the huge demand. We have moved to a new building, which we are reconstructing step by step. We want to give the children new mats to increase their safety during exercise. We now use old bed mattresses or discarded school mats	20 000	Tělocvičná jednota Sokol Frýdek-Místek

	Garmin GPS navigation for teaching young dog handlers	<p>As a rescue brigade of cynologists in the Moravian-Silesian Region, we also train dogs in the field of search (especially people lost in forests or open countryside). For this we definitely need satellite navigation for orientation in the field for dog handlers, these also contain a GPS collar for dogs who search in the field relatively far from their dog handlers, and it is essential that the dog handler knows the current position of his dog. Since last year, we have 13 new waiters in the brigade, including youth, and we will use GPS navigation mainly for the training of these young dog handlers.</p>	20 000	Záchranná brigáda kynologů Moravskoslezského kraje
